

Shirley Lodge Newsletter

January 2024 Edition

ALHOMES ENTERPRISES LTD.

www.almondcare.org.uk

Bye Bye 2023!!!

Welcome back and happy new year to everyone in our network and the Almond Care community.

So much has happened and lots more to get excited about and look forward to and this newsletter will most definitely get you all up to speed.

This past six months has been jam packed with wonderful happy memories close to home some reaching as far out as the Islands of Greece.

SCARY BUT FUN FUN FUN

Things got very scary at times.

Halloween party was a huge success and such a hit with the clients who all loved the chance to get all dressed with some very scary make up and frightening masks, there was some wonderful costumes to view with some people in full character mode.

Inclusive events like this help boost team spirit and strengthen friendships, It also entthesis the importance of family and being part of a community where you can be yourself, feel safe and most importantly you can have fun be happy.

Abigail and Rhiana were lucky enough to visit the royal family at Madame Tussauds and even managed to pose for some picture, what a moment to treasure.
